

CAPITALISM 3.0 AND *Voting with Your Trolley*

List each of the panel members and their jobs. How does each work with sustainability differently?

What is “green washing”? What is “social capitalism”?

How is sustainability as a corporate mission different than sustainability as philanthropy?

Why are organic Oreos and Diet Coke Plus not the solution?

What is *fair trade* and what is the Economist argument against it?

What is *organic* and what is the Economist argument against it?

What is *local food* and what is the Economist argument against it?
