

[Essay 02]

The galleries in the 49 Geary building and at the Yerba Buena Center provide two varying venues for the display of art, one providing a space for art education and the other for art sale. Analyze each space, its size, contents and economic structure. Describe the relationship between the two spaces and their inherent biases. Use concrete examples from your observations of each space and the artworks on display.

Due next week. 4-6 pages plus endnotes. Typed and double spaced. [15%]
